Definitions of Common Voice-Leading Errors (FR 5 & 6)

1. Parallel fifths and octaves (immediately consecutive)—unacceptable (award 0 points)

2. Beat-to-beat fifths and octaves (equal perfect intervals on successive beats)—unacceptable (award 0 points)

3. Fifths and octaves by contrary motion—unacceptable (award 0 points)

4. Unequal fifths (d5 → P5)
   - In a three- or four-part texture, a rising d5 → P5 is acceptable ONLY in the progressions I–V–I6 and I–vii°−I6 (i.e., no deduction).
   - A rising d5 → P5 in other progressions is unacceptable (1-point error).
   - The reverse, a rising P5 → d5, is acceptable voice leading (no deduction).
   - Unequal fifths in either order, when descending, are acceptable (no deduction).

5. Hidden (or covered) fifths and octaves in outer voices (similar motion to a perfect interval that involves one voice moving by step)
   - When the step is in the upper voice, as shown in ex. 5a—acceptable (no deduction).
   - When the step is in the lower voice, as shown in ex. 5b—unacceptable (1-point error).

6. Direct fifths and octaves in outer voices—unacceptable (1-point error)
   Definition: Similar motion to a perfect interval that involves a skip in each voice. NB: Many sources equate “hidden” and “direct.” For purposes of scoring, it seems useful to refine those definitions, particularly in light of past scoring practice.

7. Overlapping voices—unacceptable (1-point error)
   Definition: Two adjacent voices move to a position in which the lower voice is higher than the previous note in the higher voice, or they move to a position where the higher voice is lower than the previous note in the lower voice.

8. Crossed voices—unacceptable (1-point error)
   Definition: Voicing in which the normal relative position of voices is violated, e.g., if the soprano is below the alto, or the bass is above the tenor.
Question 6

SCORING: 18 points

I. Chord Spelling (6 points, 1 point per chord)
   A. Award 1 point for each chord that correctly realizes the given figured bass.
      1. The chord must be spelled correctly and in the proper inversion.
      2. The fifth (but not the third) may be omitted from any root-position triad.
      3. The fifth (but not the third or seventh) may be omitted from a root-position dominant seventh chord.
      4. All inverted triads and inverted seventh chords must be complete.
      5. All triads must contain at least three voices.
      6. All seventh chords must contain at least four voices.
   B. Award 0 points for a chord that breaks one or more of the conditions of I.A.
      1. Do NOT check the voice leading into and out of these chords.
   C. Award ½ point each for a correctly realized chord that has exactly one of the following errors:
      1. A doubled leading tone, a doubled chordal seventh, or incorrect doubling of a 6 chord.
      2. More than one octave between adjacent upper parts.
   D. Award 0 points for a correctly realized chord that has more than one error listed in I.C. or has an accidental on the wrong side of the chord.
      1. Do check the voice leading into and out of these chords.

II. Voice Leading (12 points, 2 points per connection)
   A. Award 2 points for acceptable voice leading between two correctly realized chords.
      NB: This includes the voice leading from the given chord to the second chord.
   B. Award only 1 point for voice leading between two correctly realized chords that features exactly one of the following errors:
      1. Uncharacteristic rising unequal fifths. (See DCVLE, no. 4.)
      2. Uncharacteristic hidden (covered) or direct octaves or fifths between outer voices. (See DCVLE, nos. 5 and 6.)
      3. Overlapping or crossed voices. (See DCVLE, nos. 7 and 8.)
      4. A chordal seventh approached by a descending leap.
Question 6 (continued)

C. Award no points (0 points) for voice leading between two correctly realized chords if any of the following statements is true:
   1. Parallel octaves, fifths, or unisons occur (immediately successive or on successive beats), including those by contrary motion. (See DCVLE, nos. 1 through 3.)
   2. Uncharacteristic leaps occur (e.g., Augmented 2nd, tritone, or more than a fifth).
   3. Chordal sevenths are unresolved or resolved incorrectly. (The voice with the seventh must move down by step if possible. In some cases (e.g., ii\(^7\)-cadential \(\@\)), the seventh may be retained in the same voice or transferred to another voice.)
   4. The leading tone in an outer voice is unresolved or resolved incorrectly.
   5. The 6\(^{th}\) or 4\(^{th}\) of a \(\@\) chord is unresolved or resolved incorrectly.
   6. A suspension is handled incorrectly. (Consider this as voice leading before the chord.)
   7. One of the chords is a triad with only three voices, or any chord with more than four voices.
   8. More than one error listed in section II.B. occurs.

D. Award no points (0 points) for voice leading into and out of an incorrectly realized chord.

III. Scores with Additional Meaning

0 0  
Response demonstrates an attempt to answer the question but has no redeeming qualities (or one).

--  
This designation is reserved for irrelevant answers and blank papers.

IV. Notes

A. Do not penalize a response that includes correctly used nonchord tones.

B. An incorrectly used nonchord tone will be considered a voice-leading error (1 or 2 points as indicated above).

C. Round \(\frac{1}{2}\) points UP with one exception: round 17\(\frac{1}{2}\) points down to 17 points.
Write the following progression in four voices, following eighteenth-century voice-leading procedures. Continue logically from the spacing of the first chord. Do not add embellishments unless indicated by the Roman and Arabic numerals. Use only quarter and half notes.

\( \text{Eb: I \ V_5^{6}/\text{ii} \ \text{ii} \ V^{6} \ I \ ii_{5}^{6} \ V} \)
Question 6. (Suggested time — 10 minutes)

Write the following progression in four voices, following eighteenth-century voice-leading procedures. Continue logically from the spacing of the first chord. Do not add embellishments unless indicated by the Roman and Arabic numerals. Use only quarter and half notes.

Eb:  I  V₆/ii  ii  V₆  I  ii₆  V
Question 6. (Suggested time—10 minutes)

Write the following progression in four voices, following eighteenth-century voice-leading procedures. Continue logically from the spacing of the first chord. Do not add embellishments unless indicated by the Roman and Arabic numerals. Use only quarter and half notes.
Question 6

Overview

The intent of this question was:
- To test students’ ability to write proper voice leading in four-voice harmony.
- To test students’ ability to read and interpret a Roman-numeral sequence.
- To test students’ ability to spell chords correctly.
- To test students’ ability to prepare and resolve the seventh of a chord correctly.
- To test students’ ability to resolve the leading tone.
- To test students’ understanding of secondary dominants and the necessary accidentals.
- To test students’ understanding of the half cadence.

Sample: 6A
Score: 16

This represents a nearly perfect response. Each chord received 1 point for chord spelling, and there is only one voice-leading error. From the I to the ii\# there are parallel fifths by contrary motion between the tenor and bass voices. No voice-leading points were awarded for this connection. (Chord spelling: 6; Voice leading: 10; Total = 16)

Sample: 6B
Score: 12

This represents a good response. Only one chord was misspelled (the V\#ii has E\# rather than E\#). No voice-leading points could be awarded for the connections into or out of this chord. From the I to the ii\# the student makes a descending leap to the seventh of the ii\#, thus receiving only 1 point for voice leading into the ii\#. (Chord spelling: 5; Voice leading: 7; Total = 12)

Sample: 6C
Score: 7

This represents a weak response. Only one chord was misspelled (the V\#ii). No voice-leading points could be awarded for the connections into or out of this chord. There are two sets of parallel octaves between the alto and the bass voice: from the ii to the V\#, and from the V\# to the I chord. The only voice-leading points earned were between the I and the ii\#, where 2 points were awarded. (Chord spelling: 5; Voice leading: 2; Total = 7)
