

## Free Professional Development For AP® Coordinators

Free, full-day AP® Coordinator workshops will be held in each region throughout the year to provide new and less experienced AP Coordinators with information needed to effectively and successfully manage their school's AP program. Topics covered in this workshop include ordering AP Exams, conducting a preadministration session, training proctors, setting up off-site testing, administering exams, maintaining exam security, and returning and paying for AP Exams. This workshop also provides participants the chance to exchange best practices and learn new ways to handle an AP Coordinator's responsibilities. Coordinators can use the "Institutes & Workshops" feature on AP Central® to find out when and where training in their region will take place.
